Mr. Fred Bennett
Leon County Transfer Station
Gum Road
Tallahassee, Florida

Fred,

The costs of one new z-pan conveyor belt will be \$22,500.00 plus approximately \$4,000.00 for freight for a total of \$26,500.00 for each belt. You will need one belt for each conveyor.

The time frame on delivery of the conveyor belts will be approximately two to three weeks from the date of order.

Marpan will install the conveyor belt on the brown conveyor for \$5,480.00. In our opinion this needs to be ordered immediately.

The cost of replacing the gray conveyor belt will be slightly higher due to having to replace on the weekend. We will have to make arrangements so Marpan and Leon County Transfer Station employees can coordinate their jobs. The price for the gray conveyor belt installation will be \$11,320.00.

Marathon also has a new conveyor belt called an apron belt. The costs of that belt will be approximately \$40,250.00 each plus \$4,000 for freight for each belt.

I am waiting to hear back from Marathon for additional information.

In my opinion, both belts need replacing, as they are both in pretty bad shape.

Thank you,

Tony Hartley
